Letter from the Chairman

Dear Members,

It is my pleasure to introduce to you the Annual Report 2013 of BueRe m.a. Luxembourg. This is the associations' second year of existence. /

The entire Board of Directors welcomed your decision during the Members Meeting in October 2013 to elevate BlueRe's status to a higher level and start writing nuclear third party liability reinsurance for ELINI as from 1st January 2014. Although the BlueRe capacity offered will be rather limited during its first year of operations, we feel comfortable that the only way is up, and we are confident that BlueRe will start playing a significant role in the nuclear insurance market in the very near future.

We are still waiting for the ratification of the Revised Paris Convention, which is still under way but is likely to speed-up as soon as one pioneer country has kicked-off this ratification process. Meanwhile, we remain stand-by to increase BlueRe's capacity and keep on monitoring all related developments.

Total assets of our association slightly improved during 2013. Financial markets were not favorable to gain high yields, but our main goals remain capital preservation and beating the Euro area inflation with the first one being fully achieved and the latter just beneath the target. Also in 2014, these two principles will remain the main drivers for our investment policy.

Once again, I like to thank all the members for their support and give special thanks to my fellow board members as well as the management team for their work. Looking forward to working with you in 2014, and beyond !

Michaël Plaschy
Chairman of the Board

Industrial & Engineering Reinsurance

BlueRe provides TPL reinsurance services for nuclear power plants and other nuclear projects.

Corporate Governance Report

To ensure the appropriate level of corporate governance, the Board has put in place arrangements which it believes are suitable for a mutual carrying on reinsurance.

The relevant principles of governance are applied to the mutual in the following way:

The Board

There are currently eleven Board Members, including the Chairman, nine of them are representing the nuclear Members and two of them are members of the Management.

All of the Board Members are nominated by the General Meeting.

The Board meets four times a year and at other times as may be necessary, one of these meetings being held in Luxembourg.

Board Committees

The Board has a schedule of matters that it reserves for itself. These matters cover approval of accounts, significant changes to accounting policies, changes to the Membership of the Board and its Advisory Committees, recommendations of the strategy to be applied to the Members of the mutual, approval of the annual operating budget.

The first committee is the Management Committee .

In addition the Board has appointed three Advisory Committees. These Committees report to the Board at each of their Meetings. The terms of reference for the Finance and Investment Advisory Committee, the Legal Advisory Committee and the Reinsurance Advisory Committee, which are reviewed annually, have been agreed by the Members and the Board. The nomination of members within these Committees must be approved by the Board.

Corporate Governance Report

Board and Committee Papers

Appropriate and timely management information is circulated to Directors and committee members in good time before the Meetings.

Annual General Meeting

The sections of the Articles of Association relating to the Annual General Meeting have been complied with.

Internal Control

The Board is ultimately responsible for the mutual's system of internal control and for reviewing its effectiveness. However, such a system is designed to manage rather than eliminate the risk of failure to achieve business objectives, and can provide only reasonable and not absolute assurance against misstatements or loss.

Control Procedures

The mutual has implemented control procedures designed to ensure complete and accurate accounting for financial transactions and to limit the potential exposure to loss of assets or fraud. Measures taken include reviews by Management as well as internal and external audits.

Risk Identification

The Management is responsible for the identification and evaluation of the risk underwritten. These risks are assessed on a continual basis and may be associated with a variety of internal and external sources including regulatory requirements and/or authorities.

Monitoring and Corrective Actions

The Company is producing a Corporate Governance Memorandum, which will provide practical guidance for all staff.

Report of the Board of Directors to be presented to the Annual General Meeting of 24th April 2014

Dear Member,

We are pleased to present for your approval the financial statements of BlueRe (“the Company”) for its second financial year ending on 31st December 2013.

The management of BlueRe is responsible for the information contained in the financial statements and other sections of the annual report. The management considers that the financial statements and related information have been prepared in accordance with Luxembourg generally accepted accounting principles. These financial statements include amounts that are based on management’s judgment and best estimates.

BlueRe maintains a system of internal accounting controls to provide reasonable assurance that our assets are safeguarded against loss from unauthorized use or disposal and that the accounting records provide a reliable basis for the preparation of the financial statements.

Deloitte Audit Société à Responsabilité Limitée, rue de Neudorf 560, 2220 Luxembourg, has been appointed with your approval, as the independent auditors to audit the financial statements and to express their opinion thereon. Their opinion is based on procedures considered by them to be sufficient to provide reasonable assurance that the financial statements present fairly, in all material respects, the financial position, and results of operations. The audit report is also included in the annual report.

Activity

The Company was incorporated in Luxembourg on June 17th, 2011 and published in the official journal Mémorial C Recueil des Sociétés et Associations under reference number 2284 on September 27th, 2011.

General expenses

The general expenses amount to € 35.296,57 and are the administrative expenses which are mainly due to premises costs on the one hand, and audit-, actuarial- and consultancy fees on the other hand.

REPORT OF THE REVISEUR D'ENTREPRISES AGRÉÉ

**To the Members of
BlueRe m.a.
Association d'Assurance Mutuelle

Report on the annual accounts

Following our appointment by the General Meeting of Members dated April 25, 2013, we have audited the accompanying annual accounts of BlueRe m.a., which comprise the balance sheet as at December 31, 2013 and the profit and loss account for the year then ended, and a summary of significant accounting policies and other explanatory information.

Responsibility of the Board of Directors for the annual accounts

The Board of Directors is responsible for the preparation and fair presentation of these annual accounts in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the annual accounts, and for such internal control as the Board of Directors determines is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

Responsibility of the réviseur d'entreprises agréé

Our responsibility is to express an opinion on these annual accounts based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the annual accounts are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual accounts. The procedures selected depend on the *réviseur d'entreprises agréé*'s judgement, including the assessment of the risks of material misstatement of the annual accounts, whether due to fraud or error. In making those risk assessments, the *réviseur d'entreprises agréé* considers internal control relevant to the entity's preparation and fair presentation of the annual accounts in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Board of Directors, as well as evaluating the overall presentation of the annual accounts.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the annual accounts give a true and fair view of the financial position of BlueRe m.a. as of December 31, 2013, and of the results of its operations for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation of the annual accounts.

Report on other legal and regulatory requirements

The management report, which is the responsibility of the Board of Directors, is consistent with the annual accounts.

NOTES TO THE ACCOUNTS

As at December 31, 2013

NOTE 1 - GENERAL

BlueRe m.a. ("the Company"), was incorporated in Luxembourg as a "mutual association" on June 17, 2011 and is governed by the modified Law of December 6, 1991 on the insurance business as amended and the Grand-Ducal Regulation dated December 5, 2007 issued by the Commissariat aux Assurances.

The Company's accounting year begins January 1 and ends December 31 each year.

The object of the Company is to carry out reinsurance activities, excluding all direct insurance operations in the Grand-Duchy of Luxembourg as well as in any other country in which the Company has members and/or where these members have their activities.

The Company has been authorized by the Minister on December 20, 2011. Nevertheless, the Company has not started to carry out reinsurance activities during the period from June 17, 2011 to December 31, 2013.

NOTE 2 - PRESENTATION OF THE ANNUAL ACCOUNTS

The annual accounts have been prepared in conformity with the modified Law of December 8, 1994 on annual accounts of insurance and reinsurance undertakings, and with the accounting policies generally accepted within the insurance and reinsurance industry in Luxembourg. The accounting policies and the valuation rules are, except for those which are imposed by the law or the Commissariat aux Assurances, determined and applied by the Board of Directors.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies applied by the Company are as follows:

3.1. Foreign currency translation

The Company maintains its accounts in Euro ("EUR") and the annual accounts are expressed in this currency.

The accounts denominated in foreign currency of the profit and loss account are converted in EUR on a monthly basis using the exchange rate in force at the last day of the previous month.

BlueRe m.a.
Association d'Assurance Mutuelle
NOTES TO THE ACCOUNTS

As at December 31, 2013

- continued -

The accounts denominated in foreign currency of the balance sheet are converted in EUR using exchange rate as of the balance sheet closing date.

Exchange gains and losses are recorded in the profit and loss account.

3.2. Investments

Shares and other variable-yield transferable securities

Shares and other variable-yield transferable securities and units in unit trusts are valued at their acquisition costs. The incidental costs are expensed as incurred. Unrealized losses are recorded on the income statement if there will be a permanent reduction in the value of these securities. In this case, the security will be depreciated to its lower value.

Permanent impairments are determined based on the two following conditions:

- Market value must be below book value for a period uninterrupted of 12 months;
- And the decrease in market value should be at least equal to 20% of the book value at the end of that period.

3.3. Debtors and creditors

Debtors are stated at their nominal value. Value adjustments are made when they are partially or totally unrecoverable. The value adjustments are not maintained when the reasons for which they were made cease to apply.

Creditors are recorded under liabilities at their reimbursement value. If the amount paid exceeds the initial amount, the resulting difference is reflected in the profit and loss account at the date of settlement.
